263-2300-00: How To Write Fast Numerical Code
Assignment 0
Due Date: As soon as possible
http://www.inf.ethz.ch/personal/markusp/teaching/263-2300-ETH-spring15/course.html

Email: fastcode@lists.inf.ethz.ch

This homework has no points (wait, you should still read on)

1. Form a team of four people and email the names (email address above)

2. Think of a suitable project and suggest it by email or in person after class to the instructor

3. You can check out projects from the past iterations of this course (that does not mean that the idea is to replicate them)

4. Once you have a project topic you should register it at https://medellin.inf.ethz.ch/courses/263-2300-ETH/

5. If you have not done so yet, please read through the course website (the url is above)

The team building and project determination should be completed by March 6th.
